

Concentration

Directions:

1. Print out 2 copies of page.
2. Color all nine cards of each page, making sure the matching pictures are colored exactly the same.
3. Glue page to a piece of thin cardboard (a cereal box would work great). Then cut out each card along the rectangular shape. Get an adult if you need help.
4. Now turn all cards face down. Turn over one at a time until you make a match.
